or via email at cpopoff@comcast.net

Frequently Asked Questions

1. What is the helpers program?

The Helpers Program is an effort to utilize the resources that we have within our subdivision and a way to make all of our lives easier! We hope to connect teens and young adults looking for jobs, such as babysitting, yard work, etc., with people in our subdivision that need work done. The list will be maintained by a coordinator that you can contact if you are looking for someone to help out, or if you want to sign up to work.

2. How do I contact the coordinator?

The coordinator is Christine Popoff. She can be reached at 734-981-9782 or via email at cpopoff@comcast.net.

3. How do I sign up to be on the Helpers List?

It is easy! Just complete the Helpers List form, which you can obtain online at www.lexingtonsquaresub.com or via the coordinator, have your parents sign it and contact the coordinator. Your name will be added to the helpers list and will be made available to those subdivision members who are looking for assistance. Names and phone numbers will be provided to Lexington Square Subdivision residents ONLY!

4. Who has access to the information on the Helpers List?

Only Lexington Square residents have access to this information and it is only available through the Helpers Program coordinator. The information will not be posted online or in subdivision newsletters.

5. Are there any limits to the services provided?

The Helpers List is really targeting services such as babysitting, being a mother's helper, mowing lawns/yard work, shoveling snow, pet care, and vacation plant care – tasks that are appropriate for young adults to do. We do not expect that any helper would be asked to do something he or she is uncomfortable with or unprepared to do. We hope that residents would use their discretion when asking for help.

6. How much do the helpers charge?

The fee for services should be discussed and agreed upon in advance by both the helper and the person requesting services.
